About the pattern

- ✂ I have started the pieces with a magic ring. If you don't want to use that, you can easily start by chaining 2 and working the stitches of the first round in the second stitch from hook. After that continue to round 2.
- ✂ If you need to change color, do it always at the end of the previous round. Start the last stitch of the round with the current color in use. Change to the new color right before you draw through all loops on the hook to complete the last stitch.
- ✂ In this pattern you will find simple crochet schemes that will help you to follow the written text. The charts are only partial and are meant for using in addition to written text.

Stitch explanation

Treble crochet (trc) – Yarn over 2 times, insert hook into st and draw up a loop. You have 4 loops on hook. (Yarn over, bring through 2 loops on hook) rep 3 times.

PATTERN

You will find a crochet scheme at the end of each piece to help you follow the written text. I've only shown a couple of petals to keep the charts clear. All petals are basically worked the same way, so just keep repeating until you've completed the flower.

CORNFLOWER

1: **Dark blue.** Work 8 hdc in a magic ring, sl st in the first hdc [8]

TIP! If you want to attach the flower to a crochet project later, hair band or any other item, leave a long strand of dark blue yarn for sewing.

HINT! Make sure to change color at the end of the slip stitch, so the next round can start with a new color.

2: **Blue.** *Ch 7, sl st in the second st from hook, dc in the 3rd chain counted from the bottom up.

(Ch 2, sl st in the second st from hook, dc in the same st as the previous dc) rep 2 times.

Ch 2, sl st in the second st from hook, ch 2, sc in the same st as the previous dc, sc in the next 2 ch sts, sl st in the next st.

Repeat 7 more times starting from * to form 8 petals.

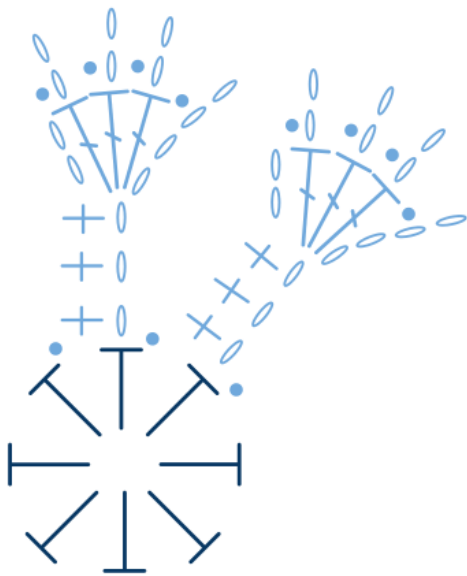

Stitch the core using a strand of white thread. Pull the needle out in the center of the flower, insert it between two hdc stitches of the first round. Again, pull it out in the center and insert between the next two hdc stitches. Work the entire round.

Either weave in all yarn ends or use the dark blue yarn tail and stitch between the hdc stitches of the 1st round to attach the flower onto a crochet project.

DAISY

1: **Yellow.** Work 9 sc in a magic ring, sl st in the first sc [9]

TIP! If you want to attach the flower to a crochet project later, hair band or any other item, leave a long strand of yellow yarn for sewing.

2: **White.** *Ch 7, dc in the 4th stitch from hook.

Hdc in the next st, sc in the next st, sl st in the last st of the chain.

Sl st in the next st of the previous round.

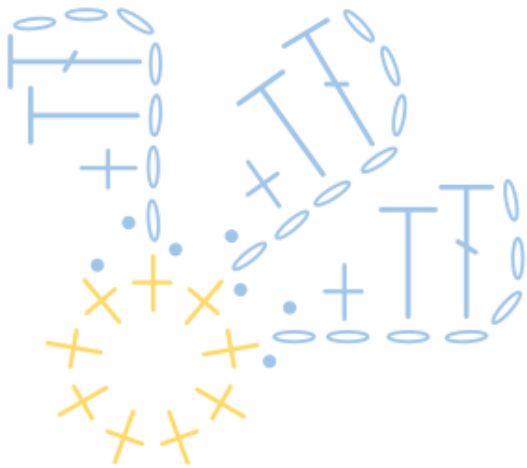

Repeat 8 more times starting from * to form 9 petals.

7

Either weave in all yarn ends or use the yellow yarn tail and stitch between the sc stitches of the 1st round to attach the flower onto a crochet project.

POPPY

1: **Green.** Work 12 sc in a magic ring, sl st in the back loop of the first sc [12]

2: **Black.** Ch 1, starting in the same st, work sc in the back loop of each st, sl st in the first sc [12]

TIP! If you want to attach the flower to a crochet project later, hair band or any other item, leave a long strand of black yarn for sewing.

3: **Red.** Ch 1, *sc in the same st, ch 2, work 3 trc in the same st.

Work 3 trc in the next 2 sts.

Ch 2, sc in the same st.

Repeat 3 more times starting from * to form 4 petals. However, in repetitions work the first sc in the next stitch instead of the same stitch.
Sl st in the first sc.

4: Ch 1, *sc in the same sc, 2 sc in the ch 2 space of the previous round.

Hdc in each of next 9 trc.

2 sc in the ch 2 space of the previous round, sc in the next sc.

Repeat 3 more times starting from * to complete the 4 petals. However, in repetitions work the first sc in the next stitch instead of the same stitch.

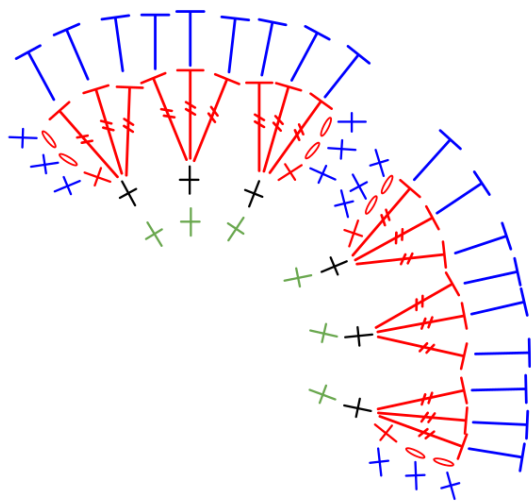

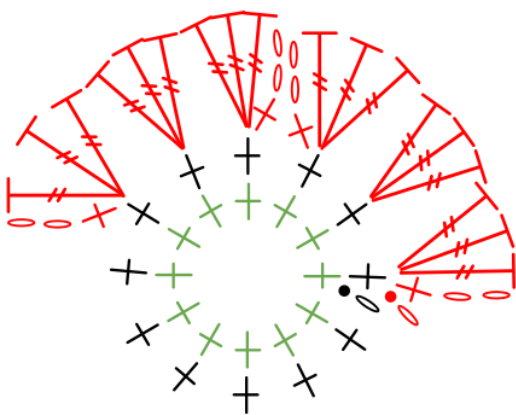

Sl st in the first sc.

Either weave in all yarn ends or use the black yarn tail and stitch between the sc stitches of the 2nd round to attach the flower onto a crochet project.

On the scheme on the left you'll find rounds 1-3.

The scheme on the right is slightly stretched and includes round 4 as well (marked with blue color to make it more distinctive).
